

Warming Up Gloves

Patterned gloves that are the same on the front and back thus making it so there is no designated left or right. Just make 2 gloves and you have a pair!

Materials

All yarns are Knit Picks Stroll.

MC: Size M Ash 162 yds, Size L Cork 200 yards

CC: Size M Black 65 yards, Size L Black 75 yards

Needles/Gauge

Size 2 dpns, Size 1 dpns. Recommended by not essential: a set of size 2 dpn that are 5" for making glove fingers.

Gauge with size 2 needle is: 7 sts per inch in the round, in pattern.

Other Supplies

Yarn needle. Stitch markers. Scrap cotton yarn.

Construction notes: The pattern of these gloves is: 3 rows of main color, 3 rows of checkerboard. You want to keep that pattern throughout as you knit the fingers. Align the checkerboard pattern in the fingers with the hand. When you are ending a finger it looks best to K2tog around with the MC. Also note that the stitch before the gusset and the stitch after the gusset are always knitted with the main color. Maintain the checkerboard pattern when you cast on or pick up stitches by alternating the two colors in the process. This happens in the size L gloves with every finger.

CO 1 st, replace the marker, CO 1 st. (You have cast on 2 sts and the row marker is in between these 2 new sts.) 54 (62) sts.

Fingers are knit in this order: set aside pinkie, work index first, then middle finger, then ring finger, then pickie, and lastly the thumb will be knit.

Set aside pinkie finger sts: K 20 (23), place 13 (15) sts on hold, C.O. 3 sts, K to end of round. 44 (50) sts.

K 3 rounds.

Index finger: K 7 (8) sts, put the next 29 (33) sts on hold, C.O. 3 sts, K 8 (9). 18 (20) sts.

Divide the sts on 3 needles and K all sts in the round until the finger measures $2\frac{3}{4}$ (3) inches or the desired length. Last round: K 2 tog all the way around. Using your yarn needle, draw the yarn through the remaining sts, pull tight, and tie off.

Middle finger: Slide 7 (8) sts from the front of the work onto a needle. Slide 7 (8) sts from the back of your work onto another needle. Join yarn by picking up 3 stitches from the base of the first finger, K 7 (8), C.O. 3 sts. K 7 (8). Knit these 20 (22) sts in the round until the middle finger reaches $3\frac{1}{4}$ (3) inches or the desired length. Last round: K 2 tog all the way around. Using your yarn needle, draw the yarn through all the sts, pull tight, and tie off.

Ring finger: Pick up 3 sts over the C.O. sts at the base of the middle finger. Put all the remaining sts that are being held on the scrap yarn onto your needles. Knit these 18 (20) sts in the round until the ring finger reaches $2\frac{3}{4}$ (3) inches or your desired length. Last round: K 2 tog all the way around. Using your yarn needle, draw the yarn through all the sts, pull tight, and tie off.

Pinkie finger: Pick up 3 sts from the base of the ring finger, put all other held sts on your needles. Knit these 16 (18) sts in the round until the pinkie finger reaches $2\frac{1}{4}$ ($2\frac{1}{2}$) inches or your desired length. Last round: K 2 tog all the way around. Using your yarn needle, draw the yarn through all the sts, pull tight, and tie off.

Thumb: Pick up 4 sts at the base of the hand. This should be done by picking 1 up from the side then the 2 from the cast on sts, then 1 from the other side. These side sts will be part of the decrease on the next round and should make it less likely for you to have a little hole in this area. If there is a little hole, don't worry, you can sew it up with yarn when you weave in the ends.

After you pick up 4 sts, put the remaining 19 (21) sts on your needles. 23 (25) sts.

Next Row: K until 1 sts before the picked up sts, SSK, K2tog, K2tog. 20 (22) sts.

Knit these 20 (22) sts in the round until the thumb measures $2\frac{1}{2}$ ($2\frac{3}{4}$) inches or your desired length. Last row: K2tog all the way around. Using your yarn needle, draw the yarn through all the sts, pull tight, and tie off.

Pull all the outside yarns to the inside, weave in all the ends.
